FIREFIGHTERS ON PARADE

Big Celebration Accorded
Returning Firemen On
Victory.

BIG PARADE STAGED

Red Fire, Music and Plenty of Noise
As Visitors March Drawing Col-
umbia Reel—Reception Follows.

Returning triumphantly from the State firemen's convention held in Lexington, Va., the fifty Alexandria firemen who captured the first prize for being the best appearing uniformed company in line of march in the parade at Lexington without band were given a big reception last night by the citizens as they marched down King street.

A parade of the stay at home firemen and others was staged in their honor and amid a blaze of red lights, the playing of the Citizens' Band, the noise of the fire bells and sirens on the apparatus the returning firemen proudly marched down King street drawing the old Columbia hand reel which was handsomely decorated. It was this reel that attracted such attention in the parade in Lexington, it being decorated for the occasion by Lucien Duffey, a member of the Columbian Company, who is a scenic artist.

All of the firemen carried miniature brooms and an American flag on each broom. Every piece of fire apparatus in the city was on parade and each apparatus carried a liberal supply of brooms to indicate the clean sweep made by the Alexandrians in the parade. The parade was led by William Desmond, chief marshal, chairman of the fire committee of the city council, and Mayor J. M. Duncan also was in line.

It was nearing 10 o'clock when the parade marched down King street and the street was thronged with spectators. Many friends of the returning firemen were at the railway station to greet them when they disembarked.

At the conclusion of the parade the firemen repaired to their respective engine houses where a reception was tendered them.

All of the firemen were loud in their praise of the hospitable manner in which they were treated while in Lexington.

RUNAWAY BOY

Leslie Hall, 15, of Portsmouth, To Be
Sent Home.

Leslie Hall, fifteen years old, son of Mr. and Mrs. W. C. Hall, giving his address as 320 Mount Vernon avenue, Portsmouth, Va., was taken in custody shortly before 1 o'clock this morning by Policemen Snellings and Cline. The lad says he left Norfolk a week ago where he was employed. Master Duncan directed the police to notify his parents as the boy says he is anxious to return home. Young Hall says he was enroute to Philadelphia in search of work.

HARDING ASKED TO CALL CONFERENCE.

Indianapolis, Aug. 27.—President Harding was asked in a message sent him late today by John L. Lewis, president of the United Mine Workers of America, to call a joint conference of mine workers and operators of Mingo county, West Virginia, with the view to reaching an agreement that would end the industrial conflict that has continued there for several months.

U. S. Policy In Philippines Forward, Harding Assures.

Washington, Aug. 27.—President Harding, during an interview today with Manuel L. Quezon, President of the Philippine Senate, said that the United States would take no backward steps in its policies toward the islands, according to a statement given out by Mr. Quezon. The President also said, Mr. Quezon added, that he could not discuss the question of independence for the islands prior to receiving the report from Gen. Leonard Wood and former Governor Forbes, now on a mission there.

"I informed the President that the people of the Philippines earnestly want independence and are of the belief that they will be granted independence at an early date," the statement said. "I told the President that the financial situation there was not as bad as it was pictured to be."

STATE NEWS

Lynchburg.—The city has just let contracts for concrete paving at a cost of \$1.85 a square yard, including excavation. A year ago the same work cost \$2.85 without excavation.

Richmond.—Colonel Junius E. West, of Suffolk, who made a great success in his campaign for lieutenant-governor, winning by a big majority over a field of three opponents, is today being boomed by friends for the position of chairman of the State Democratic Committee.

Lynchburg.—The continued drought is depleting the supply of stored water in the Rappahannock River Lake about an inch a day now, the level now being nine inches below the spillway. No alarm is felt from this condition, because the level was as low as 112 inches several years ago with out embarrassing the city water department.

Norfolk.—C. E. Rudolph, removed as commissioner of port at Norfolk, Secretary of Commerce Hoover yesterday, declares there is nothing in the charge of graft, given as the reason for dismissing commissioners at various ports by the Republican administration. Mr. Rudolph says, he was removed to make way for a "nice little Republican."

Norfolk.—With the arrest of John Davis, negro, residents of Ghent, Norfolk's most exclusive residential section, can breathe a sigh of relief. For some time there have been a number of robberies in Ghent, and on more than one occasion men and women have rushed into the street in their night clothes after a burglar scare at some neighbor's house.

Norfolk.—Salaries and wages of officials and employees of the Norfolk city government, from the City Manager to the humblest laborer in the Department of Public Works, may be reduced 10 per cent. after January 1. City Manager Ashburner admitted today that a proposal to reduce the city pay rolls throughout, was being considered. He said that the matter would probably not be decided on until the 1922 budget is made up in November.

Farmville.—Major Joseph LeMasurier, assistant to the adjutant-general, will be here next Tuesday night to muster in the Farmville company of infantry. Companies are to be mustered in at Farmville and Martinsville, and when this is done, the infantry organization of the State will be complete.

Lynchburg.—Rives Childs, of Washington, has notified his parents, Mr. and Mrs. J. W. Childs here, of his hurried departure from Paris to King, for food relief work there. He was in Paris on a government mission, the nature of which had not been disclosed here, when he decided to leave for Riga. Mr. Childs was decorated by the Jugo-Slavic government in 1911, for work in relief in the Balkans under Herbert Hoover. He is associated now with the Washington bureau of the Associated Press, and was on leave of absence.

Freelings.—Amos Reed purchased a hive of bees, and after getting them home he removed the covering, when the bees attacked him practically in force, stinging him fearfully. As the would-be beekeeper had reached the age at which his vitality was much on the decline, the strain took heavily upon him. He had to take to his bed.

Petersburg.—Much interest is being manifested by the Methodists of Petersburg in the laying of the cornerstone of the new Methodist Church to be located on South Sycamore Street by the congregation of Market Street Methodist Church, which will take place on Friday afternoon. The stone will be laid by Blandford lodge, No. 3, A. F. and A. M. The lodge will be escorted to the scene of the cornerstone laying by Appomattox Commandery of Knights Templars.

SWINDLE RING GIVES PAPER

Federal Officials Get Notes
and Agreements of
Concern.

KOHN IN FAILURE

Leads Pertaining To Other Deals, It
Is Said Will Amount To Much More
Than \$30,000,000.

Chicago, Aug. 26.—Another \$400,000 in notes and agreements for the marketing of a couple of million dollars more were surrendered today to Federal authorities by Rudolph E. Kohn, president of the American Rubber Company, of Chicago, and one of those under arrest with Charles W. French, alleged "master mind" in what Col. John T. Clinin, assistant United States District Attorney, declares to be a gigantic "swindle ring."

With the notes and other papers Kohn turned over a mass of correspondence between himself and French referring to the "kiting" of checks and commercial paper, plans for the purchase of banks in Milwaukee and Minneapolis and business deals aggregating many millions.

The total of "paper" wealth already in Clinin's hands is estimated to have passed the \$30,000,000 mark, although no complete check has yet been made, while leads pertaining to other deals by French and his assistants total as much more.

Kohn told Colonel Clinin that he had been caught in the failure of the Michigan Avenue Trust Company here when Warren C. Spurgin, its president, fled to Mexico. He took four Hawkins checks to the bank to cover an \$8,000 check which Charles W. Littleton, president of the Consolidated Automobile Company, was cashing at West Carrollton, near Cleveland, Kohn said. When he reached the bank he found the doors closed.

Littleton's clothes were found in Grant Park here on the morning of August 9, with a farewell note, saying he had jumped into the lake. The body, however, has not been recovered.

Cleveland, Aug. 26.—Z. W. Davis, president of the Diamond Portland Cement Company, will probably be arrested tomorrow for his alleged connection with the alleged swindling operations of Charles W. French, of Chicago. Although two United States officers went to Canton today to serve a warrant, agreement was reached with Assistant District Attorney Joseph Breitenstein, it was said tonight, to postpone the arrest of Davis until he could be located in Paris on a government mission, the nature of which had not been disclosed here, when he decided to leave for Riga. Mr. Childs was decorated by the Jugo-Slavic government in 1911, for work in relief in the Balkans under Herbert Hoover. He is associated now with the Washington bureau of the Associated Press, and was on leave of absence.

For many years he conducted a retail oil business in this city. Besides his wife Mr. Underwood is survived by three sons, Messrs. John H., Paul and Milling Underwood, of St. Elmo. The body was removed to Demaree's mortuary chapel for place at 3 o'clock Monday afternoon.

Two Officers Killed By Gang Of Moonshiners.

Paintsville, Ky., Aug. 27.—Two officers are dead, a third is wounded and one of a band of moonshiners is dying from an ambush attack this morning on Paint creek, 10 miles from here. The dead are James Melvin, 45, chief of police of Paintsville, and J. H. Reynolds, 40, Deputy United States Marshal. The wounded are Manuel Fitzpatrick, 40, assistant chief of police of Paintsville, shot in the head and body, and Pate McKenzie, alleged moonshiner, shot in the head and in the body and expected to die momentarily.

The three officers, hunting a still on the McKenzie farm, were walking on a ravine after hitching their horses, when a volley of rifle fire came from a little cabin almost hidden in a small weeded area not 50 yards away. The officers, two of them wounded, fired from their high-powered rifles at the home. Another fusillade came from the cabin and Melvin and Reynolds fell dead.

Fitzpatrick, wounded, gave up the fight against odds and though weak from loss of blood managed to ride back to Paintsville. A Sheriff's posse of 15 men was organized and hurried to the McKenzie farm, surrounded it and captured six men. The alleged moonshiners offered no resistance.

On Monday at 5 p. m. the M. B. South and the First Baptist will play their postponed game.

NOT TO LET IRELAND QUIT

Premier Reiterates Stand,
But Is Willing for Further
Parley.

IRISH SURPRISED

Preserves Friendly Tone—Don't Want
More War—Believed Negotiations
Will Be Long.

London, Aug. 27.—David Lloyd George, the British Prime Minister, today sent a prompt rejoinder to the letter of Eamonn de Valera, President of the Irish republic, which rejected the British Government's terms for peace in Ireland.

The Premier's note constituted a firm reiteration of the Government's former standpoint, that Ireland could not be permitted to withdraw from the Empire. He said he thought he had made it clear in conversations and previous communications that the Government "can discuss no settlement which involves a refusal on the part of Ireland to accept a free, equal and loyal partnership in the British Commonwealth under one sovereign."

Mr. Lloyd George, in concluding his note, still held open the door for further negotiations with Mr. de Valera and his colleagues if they are prepared to examine how far the Government's consideration "can be reconciled with the aspirations you represent." He declared, however, that the Government could not "prolong a mere exchange of notes."

In his communication Mr. Lloyd George preserved the safe friendly tone that characterized his former letters to Mr. de Valera. Today he buttressed the Government's standpoint by quotations from Irish patriots and Abraham Lincoln. He warned Mr. de Valera that a needless prolongation of the negotiations would serve to play into the hands of the extremists, who, he declared, were only anxious to wreck the negotiations and terminate the truce.

A hopeful aspect of the situation as it is viewed in London political circles is that neither Mr. de Valera, in his latest communication, nor Mr. Lloyd George has yet closed the door on the negotiations.

Dublin, Aug. 27.—The letter of Premier Lloyd George to Eamonn de Valera was received in Dublin late tonight. Its contents came as a surprise to Sinn Feiners. They had expected further arguments on the claims of Ireland they raised instead of a repetition of the essential conditions of the British Government made known to Mr. de Valera at the conference in Downing street a month ago.

A meeting of the Dail Eireann was hurriedly summoned for tomorrow morning at 11 o'clock to consider the situation.

In Dublin Castle quarters tonight the last sentences in the Premier's letter are considered as making possible further meetings for discussions of the situation with representatives of Sinn Feiners unless they regard the words of the Premier as a challenge.

There is reason to believe that the people do not desire a resumption of the warfare at which the Premier plainly hints as a possibility in case there is delay in ending the controversy. It is thought the fear expressed by Mr. Lloyd George in this respect is based on reports he has received of widespread drilling throughout the country by Sinn Feiners. They declare that they do not regard such activity as a breach of the truce, as serving that equal activity has prevailed in the military barracks and that machine-gun practice awakens the Dublin citizenry every morning.

The general impression in Sinn Fein and other circles here today was that the exchanges between Mr. de Valera and Mr. Lloyd George constituted only a new stage in the prolonged negotiations.

WASHINGTON DAY BY DAY

(From Our Special Correspondent.)

Washington, Aug. 27.—The signing of the peace treaty with Germany, the Gazette correspondent learns on the highest authority, does not affect the decision as to the return of the American expeditionary force on the Rhine. The State Department explains that this matter is one of arrangement with the Allied nations. Although President Harding is committed, by his campaign speeches, to an early return of the American troops from the Rhine, their return will be ordered only after it has been ascertained that such action will not be embarrassing to the Allied governments.

It was said at the State Department today that the question of the restoration of diplomatic relations with Germany will have to await the ratification of the treaty of peace by the United States Senate. It is generally understood that either Dr. David Jayne Hill or former Senator Albert J. Beveridge will be appointed the first American Ambassador to Germany since the overthrow of the Kaiser's government.

May Not Ask For All Claims.

Although in a general way the United States is entitled to scores of rights and privileges under the sections of the Versailles Treaty affirmed in the new Treaty of Peace, it is expected that this country will prefer to exercise very few of these. One will be the right to hold German property in the custody of the Alien Property Custodian in satisfaction of claims against Germany for losses prior to April 6, 1917. These claims are expected to amount to approximately \$400,000,000. They include those resulting from the loss of life and property of Americans in the sinking of the Lusitania, the Sussex and others that were sunk by German submarines prior to the entrance of the United States into the war.

To Destroy Liquor.

Orders have been sent out by Royal C. Haynes, Federal Prohibition Commissioner, to all state prohibition directors and special agents to destroy the stocks of seized liquor, vehicles and other materials now in storage throughout the country. Commissioner Haynes declares that there are still in storage large quantities of such intoxicants seized by special prohibition agents and which are costing the government many thousands of dollars every year in payment of storage bills. It has been estimated that there is at least \$5,000,000 worth of seized liquor stored in New York State alone. Most of this stuff is unfit for beverage purposes, and the government intends to dump it in the sewers just as soon as possible.

Disarmament Conference.

Arrangements for the forthcoming conference on disarmament and Eastern questions are being made by Under Secretary of State Fletcher. It is said that the delegation comprising the British representation will fill at least one hotel and perhaps two, while France is negotiating for another hotel to house the personnel of its delegation. China has already announced that more than 100 will comprise its membership to the conference.

While the United States will not pay the hotel bills of the foreign delegates, this government has appropriated \$200,000 for the entertainment of the distinguished guests who will come to the Capital for the sessions of the conference.

Sunday School Attendance Campaign.

Another slump in the Sunday School Attendance Campaign was noted last Sunday, 1,162 reporting instead of the 1,195 registered the previous Sunday.

Laudeman climbed a high pole with the intention of repairing wires, when he got a shock that killed him before his body reached the ground. He leaves a wife and child.

\$29,600 'FRISCO STOLEN BONDS RECOVERED IN N. Y.

New York, Aug. 27.—Detectives announced today that securities valued at \$29,600, stolen from MacDonald and Company of San Francisco by Russell Lafayette Griffin, a 21-year-old messenger, had been recovered in a bank here and in the desk which he had rented in an office to start speculating in stocks. In a confession, as given out by the police, he said he had realized about \$3,000 on the rest of the stolen securities and spent it for travel and entertainment.

Given sixteen packages of mail by his employers to be registered, Griffin stole five, it was said, and came East. He stopped at Salt Lake City and sold a bond or two there.

TODAY'S THOUGHT When the hills alter, even shall I; when the stars falter, through the deep sky; when the rose tines of the night-dew; then shall I surfeit, Dear Heart, of you!

Anonymous.

"YOU-ALL," IN THE NORTH

The time-honored controversy anent the Southern expression of "you-all" is again raging in the newspapers and magazines, north and south. This time, it concerns the number of the expression—whether singular or plural. Some say it is, and some say it ain't! Some say the white folks use it only in the singular, and others, that the colored people use it both ways.

So far, none of the learned philologists seems to have analysed it correctly. We were born and raised in a section where its use was every-day, and its correctness unquestioned. It owes its origin to the innate good-breeding and politeness of the Southerner. Not wishing to make invidious distinction in addressing his guests, or to give undue prominence to any one of a group, he affixed the word "all" to the pronoun. In this way, he avoided wounding the feelings of the sensitive, or puncturing the vanity of the proud. In other words, the expression is that figure of speech known as a euphemism.

By thus ascertaining the origin or derivation of "you-all," we can understand how it may be correctly used in the singular. But when addressed to one person, only, it includes, invariably, another or others, present or absent; in either case in the same category as the one accosted.

Its use is classically correct, in whatever society, and in whatever place, and as authoritative as any phrase in Shakespeare.

OUR POLICE FORCE

At the meeting of the Police Commissioners on Wednesday night we are glad to note that Mayor Duncan found occasion to compliment our police force. On the whole, we doubt if any city of any size in the country has a more vigilant or efficient body of men. They seem to be alert and conscientious in their performance of duty. The beats of the motor-cycle force extend into the suburbs, and our suburban residents little realize the efficiency of the vigilant officers who keep the peace and protect their property. We had a talk with one of the Commissioners recently and, and were duly impressed with the fact that much petty thieving, and perhaps crime of greater magnitude, is nipped in the bud by our motor-cycle police. These incidents do not often get into the paper, and the public are ignorant of

the actual protection accorded them and their homes. We therefore take pleasure in rendering this little tribute to the brave men who sometimes risk their lives and often their comfort in their daily rounds as guardians of the people of Alexandria and its suburbs.

NOT ALONE FOR BABIES AND CHILDREN

(Communicated.)

The letter published in the Gazette of August 28 signed Mrs. M. A. Brenner has given the Playground Association an opportunity to correct an impression that, evidently was in the mind of one lady at least, and possibly may be in the minds of others. The Playgrounds of the cities are not intended solely for babies and children, but are considered an amusement ground for all ages. Those who have visited the Friends' grounds will see that care is taken in the laying out of those grounds. On the east side are located the sand boxes, the sliding board and the swings, and on that side of the yard Miss Howard devotes from an hour to an hour and a half each day to Kindergarten work. On the north side is placed the basketball ball, volley ball and tennis courts. These are for the older children and the young men and young women. No one is too old to be welcomed on the Playground, no one too young. As for the young men from the Dreadnaught Club their assistance

throughout the summer has been invaluable, they have laid out the grounds for the sports and assisted Miss Howard in a great number of ways and a public expression of appreciation by her and by the Board has been already made through the columns of this paper. Not only have the young men of the town been interested, but fathers and mothers have accompanied their children to the grounds and have shared in the pleasure that has been given to all.

On the Lee Street grounds not only Kindergarten work is organized, but basketball and also foot ball. Regarding the unfortunate incident weeks ago of the child being struck by the hammer, every one is most regretful that the affair occurred. But it should also be stated that the accident took place after the Playground had been closed to the children and after Miss Howard had locked the gates and gone home.

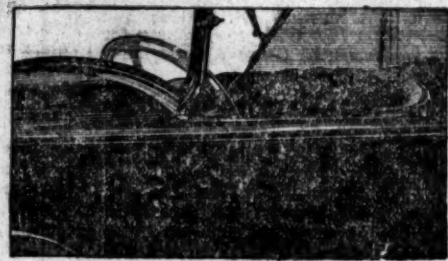

The young man volunteered to make supports for the basketball and, therefore, remained on the grounds and when the child came back told him to go home. No hammer was thrown at the child, but as the young man was working the head of the hammer flew off and struck the child. Had the child obeyed, first Miss Howard and afterwards the young man, he would not have been hurt. The men, old and young, who frequent these grounds do not viciously injure children, they are kind and helpful and do all in their power to promote the happiness and success of the Playgrounds.

NOT DUE TO SEX ALONE.

Alexandria Women Have Learned the Cause of Many Mysterious Pains and Aches.

Many women have come to know that sex isn't the reason for all back-aches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well recommended by Alexandria people. Ask your neighbor! Read this case:

Mrs. Chas. Cook, 410 Queen St., Alexandria, says: "After an attack of the 'flu' my kidneys were left in bad shape. My back pained me so I was in misery all the time. It seemed as though a dagger were being thrust into my kidneys. Mornings I was tired and worn out and felt like giving up. A friend saw the condition I was in and told me what a wonderful remedy Doan's Kidney Pills are. I sent to Creighton's Drug Store for some. Doan's fixed me up all right in a short time. The pains all left me and before long I was entirely cured. It was Doan's Kidney Pills and nothing else that did it."

HEALTH FOR WORKING GIRLS

Those Who Suffer and Are Unable to Work Need Helpful Suggestions

Springfield, Ill.—"I had periodic trouble with weakness, cramps and backache and I could not work. A neighbor recommended your medicine and I took four bottles of Lydia E. Pinkham's Vegetable Compound. I am now strong and well, able to work, and recommend your medicine to my friends."—ANNA RIMKUS, R. R. No. 8, Springfield, Ill.

Why will girls continue to suffer month in and month out as Miss Rimkus did when case after case is related where Lydia E. Pinkham's Vegetable Compound has removed the cause of the trouble and brought good health. For more than forty years this old fashioned root and herb medicine has been the standard remedy for such ailments, and has the record of having restored more suffering women to health than any other medicine.

If there is any complication about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, in regard to your health.

It is unqualifiedly claimed that never before have so many of the greatest riders in the world been brought together for a single performance as in the program of Howe's Great London Circus and Van Amburg's Trained Wild animals which will exhibit here on August 30.

The most expert artists from the four corners of the earth have been successfully induced to unite in the enormous bill of these supreme shows. The three rings of the huge circus are filled with equestrian acts of novelty, peril and exclusiveness from the time the arena program begins until the ending two hours later.

All the nerve-quickening deeds of familiar circus history are re-enacted with superior grace and deftness, and much more dexterous bounding, picturesque poising, thrilling tumbling and subtle daring are rendered with astounding ease and precision. These renowned riders seem to upset all natural laws, and are proclaimed to have reached the limit of human possibility. There are whole companies in some acts, while other startling features are evolved by groups or individuals. It is a common sight to see four superb riders moving as a unit, jumping from the ground as one person and landing on the back of a galloping horse at the same instant. Saddle riders in beautiful menage numbers, daring horsemen of the plains and other equestrians of imposing ability and historic fame are to be seen in the hurried movement of the tremendous program.

Protection Means More Than a Bank Account!

A bank account is an excellent thing to have but it soon melts away when it comes to replacing household furniture, your home or your automobile, should they be destroyed by fire or other unforeseen agency.

There is a way to protect all these things by spending only a small fraction of your bank account. And this way provides every protection against almost every kind of accident or happening over which you have no control.

An insurance policy of the right kind will protect your house, your furniture, your automobile and will do it in such a way that places practically all responsibility on the agent and the insurance company.

We can give you a policy that covers losses from fire, collision, liability for personal injuries to a pedestrian, or any other way in which you might get into trouble with your machine. And our policies are with companies that are reliable and that insure you your money without quibbling, providing your claim is just and reasonable.

Try us today and you will always be one of our customers.

SPORTS

Providing Old Man Rain does not interfere again the Dreadnaughts will play the Triple A's tomorrow at 3 o'clock on Baggett's field. This is the first of a three game series to decide the championship of northern Virginia and this city. Keen rivalry between these two outfits and the supporters of both sides are confident of victory. It should draw the largest crowd that has ever witnessed a ball game in this city and it has been well advertised. Two competent officials in the persons of Mr. Long and Jaeske will umpire these contests. These umpires are from Washington and are members of the association. The gates will be open ready for business at one o'clock and we advise

every one to get their early if they expect a seat as this is Alexandria's first home series in some time and much is at stake for both clubs.

Old Man Frye or Alexander will probably work for the Dreadnaughts, and if either one of these birds are right, look out Triple A's. The "Dreadnaughts" will lineup as usual with an infield that is incomparable to any in this section of the country and an outfield that is "supreme." So if the Triple A's think they have a chance they had better play professional baseball, not amateur baseball. In all probability Manager Savage will pitch Quayle, Triple A's best.

Alexander Wins.

Alexander, pitching for the White Socks of Fredericksburg Wednesday defeated the Quantico marines by the score of 4 to 3; also pitched against the Tak-a-Cola team from Richmond yesterday and won easily by the score of 13 to 3. Giles played center field for Fredericksburg and made a creditable showing, as usual. Fredericksburg plays Warsaw Wednesday and the following players will work with the Fredericksburg outfit. Giles, Alexander, Ludlow, McMahon and Frye. The Dreadnaught players have made a name for themselves by playing ball through the South this season. Keep it up boys we're with you.

The Alexandria Gazette

Established in 1784.

Oldest Daily Newspaper In The United States

The Gazette publishes a daily excerpt from the pages of the Alexandria Gazette of 1813, exactly 108 YEARS AGO on each day of re-publication.

IN THE YEAR '13

The War of 1812 was still reddening the land with American and British blood.

Ships were loading at Alexandria for foreign ports and the Atlantic Coast.

The final overthrow of the North American Indians was drawing nigh, and the Gazette's pages of 1813 are filled with their heroic struggles against the white man.

Napoleon Bonaparte, after his disastrous retreat from Moscow, was fighting for his life and that of the French Empire. The star of his destiny was already on the wane, and the finger of Fate pointing to Elba.

Henry Clay was speaker of the House. John C. Calhoun and Daniel Webster were likewise members, on opposing sides.

James Madison, of Virginia, was President. James Monroe, of Virginia, was Secretary of State.

The United States was paying yearly tribute to the Algerian pirates!

Commodore Perry was driving the haughty British flag from the Great Lakes.

The British fleet sailed up the lordly Potomac and later captured Alexandria and Washington.
